

Apprentice School Chapter of (Society of Manufacturing Engineers)

We are a STUDENT CHAPTER seeking APPRENTICES from EVERY TRADE just like you, YES YOU! Come join the fun, enhancing your career by touring other manufacturing companies, learning from guest speakers & networking with others in the manufacturing Industry. By the way, did we mention we were open to every trade, not just those interested in engineering?

Above artwork provided by Kenny Reyes (E56)

These are a few of the places we have had the opportunity to tour. If you want more Information please fill out the attached card and give it to the ASSA representative.
